

Dear Athlos Families,

We greatly appreciate the feedback that was given on Driveline. Your feedback is very important to us; with it, we can improve the Driveline process. In the coming weeks, we will continue to evaluate the process and adjust improve. Please be patient as we implement these improvements.

Please read each stakeholder's roles regarding Pick-Up and Drop-Off procedures.

### **Parent Role**

- Each family has been assigned a Driveline number. This number must be posted on the front window of the vehicle.
- Please do not speed in the Driveline. Speed bumps have been installed to maintain safety for students, staff, and parents.
- Please stay in your vehicle and pull forward as cars are moving. Staff is present to assist with getting students in and out of vehicles.
- Aggressive behavior, speeding, and failure to adhere to Driveline expectations are unacceptable.

### **Student Role**

- Drop-Off: Students should be prepared to exit the car before approaching the drop-off location. This includes having all materials ready, finished eating, and ready to quickly leave the vehicle.
- Pick-Up: Students should be prepared and attentive to the Driveline numbers on the screen. When your name is called, please quickly and safely report to the front of the building.
- Driveline: Students should pay attention to all traffic and look for their family's vehicle.

### **Teachers and Staff**

- Teachers and staff will be in their correct duty position and ensure that all students get in and out of the building safely and quickly.
- Staff will ensure that all students are safely escorted to their vehicles.
- Staff will monitor the flow of traffic and pedestrians.

If all stakeholders understand their roles for Driveline, the system will improve. Thank you for your patience, hard work, and dedication to making Athlos Academy of Jefferson Parish safe and welcoming. Please contact me if you have any questions.
